Target Title

Monitoring & Evaluation Professional | Political Science & Geography Graduate | Data-Driven Development Practitioner

Professional Summary

A dynamic and analytical professional with a background in Political Science and Geography from the University of Ghana, bringing over 8 years of experience in sound engineering and 3+ years in teaching and facilitation. Proven ability to lead data-driven educational and community initiatives, with hands-on experience in AI data training, SPSS analysis, and performance tracking. Adept at planning, monitoring, and evaluating programs, especially in education and community development contexts. Committed to using evidence-based tools to advance social impact, policy outcomes, and inclusive development across the ECOWAS region.

Key Skills

Monitoring & Evaluation (M&E), Data Analysis (SPSS, Excel), Project & Performance Reporting, Educational Facilitation, Administrative Coordination, Research & Statistical Methods, Community Engagement, Microsoft Office Suite, Audio Engineering & Technical Support, Results-Based Management (RBM), Interpersonal & Cross-Cultural Communication

Professional Experience

• Advanced AI Data Trainer (Contractor)

Invisible Technologies – San Francisco, CA (Remote) | May 2024 – Aug 2024

- - Collected and annotated high-quality datasets to enhance AI model training.
- - Assessed AI-generated outputs for accuracy, bias, and relevance.
- - Conducted regular evaluations to ensure continuous model improvement and factual correctness.

• Geography Facilitator

St. Peter's Mission Schools – Accra, Ghana | Mar 2023 – May 2024

- - Increased student engagement and comprehension through interactive and data-driven teaching.
- - Designed and administered quizzes and assessments, improving academic outcomes by 30%.
- - Managed a class of 30 students and substituted for head teacher during absences.

- **Facilitator**

Destiny Christian International School – Accra, Ghana | Jan 2022 – Feb 2023

- - Delivered GES curriculum-based lessons for BECE students.
- - Monitored student progress and adapted teaching strategies to meet learning needs.
- - Utilized visual aids and video materials to enrich classroom learning.

- **National Service Personnel (Geography Teacher)**

Ada Senior High School – Ada, Ghana | Oct 2020 – Aug 2021

- **Intern**

Ghana Civil Aviation Authority – Accra, Ghana | May 2019 – Jul 2019
